

LINA KULBOKAITĖ

Hello! My name is Lina Kulbokaite. I am an enthusiastic and hard-working Landscape Architect-Urbanist with a profound horticultural knowledge and 5 years experience working on public parks, open spaces and public realm projects of various stages from concept to construction. I also work in garden design as well as residential architecture sector in which I have 2 years of experience.

I am a creative, self-motivated towards results-oriented person with a positive attitude who works well within a team as well as individually. In possession of excellent design and computer skills, I have advanced knowledge of AutoCAD and other graphic design programs.

I have a deep passion for Landscape architecture and I am fully focused on seeking the next opportunity to combine my professional experience and academic achievements with my ability to learn, in order to progress my landscape architect career to the next level.
